《セット内容》第二次大戦中のドイツ軍機銃銃手のドレスアップモデルを組み立ててキットです。後期型オーバーコートを着用し、MG42 機銃銃を肩に担ぐ姿を高い実感でモデル化しました。コートは襟や裾まわりを別部品として立体感豊かに再現、ドラム弾倉付きのMG42をはじめ、ガスマスクケースなどの装備品も繊細な仕上がりです。

《Model Particulars》This assembly model figure is based on the German Machine Gunner of the Second World War. Wearing a late version greatcoat and carrying a MG42 machine gun on his shoulder, the Machine Gunner has been recreated in high detail. The collar portion of his coat has been included as a separately molded part. Kit also includes MG42 machine gun, gas mask case, and other detailed parts.
